10:15 – 10:30 Urban Shield Recommendations – Micky Duxbury

Urban Shield website: stopurbanshield.org
City Task Force Meeting scheduled Feb. 14, 2018 at 2:30pm.

Micky made the presentation to explain what Urban Shield is about. The group to stop Urban Shield is not anti-policing nor is the group against the Berkeley Police Department. Their recommendation is to eliminate the military training that is going on. The first two Days of the retreat are used for training in disaster and rescue operations and public policing in general. It is the last two days of the training that needs to be removed from our own police department personnel. These two days are used to train our police in military practices and make our officers soldiers.

BNC discussed the issues and made no decision to support or oppose what Stop Urban Shield is doing.
